SOCIAL WELFARE

PHC Graduation Ceremony at Bhavdan, Satara District

Mukul Madhav Foundation & Finolex Pipes went into backward integration while working among children affected with Cerebral Palsy to know the root cause of the deformity. A study showed that complications during high risk pregnancy is the main cause for this. At this juncture MMF/FIL collaborated with Symbiosis College of Nursing, Pune to create a programme to train the grass root level workers, the ASHA (health workers) & ANM nurses. This programme aims at reducing the high risk pregnancy cases & incidences of mismanaged labor with a view to reduce birth deformity among the new born.

On 23rd September 2017, 40 trainees have been awarded certificates on successful completion of this training at Bhavdan PHC.

Representatives from the ZP of Wai & Satara, medical officers, FIL local dealers, FIL representatives, and Symbiosis staff were present at the event along with our team.

We are highly obliged by the appreciation received from the government authorities & from all those who have been a backbone for this initiative.

Yellow Ribbon Fair

Mukul Madhav Foundation & Finolex Pipes supported the visually impaired students of Niwant Organisation and the specially abled children of Apang Sanstha & Vidya Jyoti School to take part in the 10th The Yellow Ribbon NGO and Artisan FAIR 2017, organized by Ishyana.

This fair serves as a platform to showcase the items crafted by these students, providing them with a unique opportunity to learn & grow thereby enhancing their skills to empower their future!
