

# Mahabodhi International Meditation Centre, UT Ladakh

## MIMC Covid-19 Pandemic Relief Fund

Pray for all, serve all, love all, hate none, and feel oneness with all.

Dear Ms Ritu Chabriya

Warmest Greetings from Mahabodhi International Meditation Centre, UT Ladakh

I am writing this mail to express our sincere thanks and profound gratitude to you for your altruistic donation of Rs. 50,000- towards the MIMC COVID-19 Pandemic Emergency and Rehabilitation Relief Fund.

As you are well aware that the COVID-19 global pandemic is the largest catastrophe that the world has faced since the two World Wars.

Covid-19 Pandemic has locked down and crippled the whole world in an overwhelming manner. It has brought the entire world economy to a standstill and jeopardised the lives of millions of poor and marginalized people in our societies overnight.

MIMC, based in Leh, Ladakh, has always strived to join noble humanitarian services whenever natural calamities and disasters took place in the past, in the country or elsewhere in the World. This time also, in the wake of the global outbreak of the ghostly Coronavirus, we (MIMC) decided to stand firm in solidarity with the government in this testing times and offer our humble service in whatever way possible within our capacity.

We -MIMC and Mahakaruna Foundation - have sent an appeal to all our friends around the world, across religions and beliefs, to come forward to support and be a part of the Covid-19 Emergency and Rehabilitation program. We have urged all our friends to contemplate on the interconnectedness, interrelatedness and interdependency of all sentient beings and realise our shared human responsibility during this biggest ever catastrophe in the history of mankind. It is time for humanity to rise above all the differences and come together to heal our wounded society.

There cannot be a more opportune moment to show our compassion and stand up in solidarity than in the phase of this global Covid-19 Pandemic.

With the generous support of kind-hearted persons like you and in the spirit of organisation's motto of "Compassion in Action, Meditation in Action," my dedicated team are working, and will continue to work, with passion and perseverance for the individuals affected by COVID-19 in Ladakh and elsewhere in the country.

We are all grateful beyond measures to you for showing your much needed solidarity in such crucial times. We once again acknowledge and appreciate your magnanimous contribution towards this urgent call for humanitarian service program. With your help and good wishes, we hope we shall be able to bring relief and comfort for many in this prevalent moment of fear and uncertainty.

The focus of our work currently is on providing urgent support to save those individuals who have contacted the deadly coronavirus and provide them immediate support and thereafter offer long-term support to others who are the indirect victims of this pandemic, such as the daily-wagers and other marginalised people in the society whose life have gone topsy-turvy in the process.

May Lords bless all of us with all the powers, strength, wisdom, and skills to fight and conquer the ghostly Coronavirus and to restore health and wealth of our humanity at the earliest.

With folded hand, from the depth of our hearts, with utmost faith, we most humbly bow down at the Lotus feet of all the supremely enlightened masters of all sacred religions from the tenth thousand directions of the universe!

Oh! Lords, with deepest devotion and sincerity, we now pray and seek your compassion. Please, kindly shower your Blessings upon Humanity on this earth, currently, where the entire humanity is going through the biggest agony of this Pandemic like never before. Your divine Blessings- love and compassion are most urgently required to save everybody from this disaster.

*Please find the attached official receipt.*

With profound gratitude and prayer  
Yours in the service of humanity

*Sanghasena*

Bhikkhu Sanghasena

Founder President Mahabodhi International Meditation Centre, UT Ladakh

*The religious words like kindness, love and compassion etc, are not just for talking, We must put them into action.  
Whenever some catastrophe occur, everyone should come forward and join relief campaign with the sense of compassion.
