November 19, 2013

Dear Ms. Chhabria,

Greetings from Impact India Foundation! We are grateful to you for the donation of 600 doses of Rubella vaccine, disposable syringes and sterile water, through Serum Institute of India, which will be utilised for immunising 600 adolescent girls against German Measles as a part of our Community Health Initiative in the Parali Primary Health Centre of Wada Block, Thane District.

Your thoughtful contribution will lead to future generations being born free of disabilities associated with infants whose mothers have contracted German Measles or Rubella during pregnancy.

We thank you once again for your valuable donation and look forward to your continued support to our projects for improving the health of the underprivileged rural poor. Our Annual Report for 2012-2013, is enclosed for your perusal.

With all good wishes,

Yours sincerely

(Mrs.) Zelma Lazarus
