On the 22nd of April 2023, at the 20th Camp 21 children were supported with insulin cartridges and Laboratory Tests at Vadodara, Gujarat. Mukul Madhav Foundation has been supporting children with diabetes since 2016 and providing insulin vials and supporting blood tests to deserving patients in collaboration with KEM Hospital Pune.

To increase the support and reach of MMF in collaboration with the Diabetic Association of Vadodara(DAB) in Gujarat, MMF embarked to support up to 30 children with Type 1 diabetes from September 2021.

Parents expressed their gratitude for the monthly Support of monthly Insulin Cartage & Laboratory Tests.

INSULIN SUPPORT

Finolex Industries Limited and Mukul Madhav Foundation have adopted 14 new children with thalassemia in Gujarat for medicine support.

Since August 2020, Finolex and Mukul Madhav Foundation has been supporting the blood transfusion expenditure of 35 children with Major Thalassemia and providing a monthly honorarium to four staff members of The Wishing Factory (TWF an NGO of Vadodara), Gujarat.

MMF signed an Agreement with The Wishing Factory to support the medicines to 14 children till March 2024 and handed over the medicines to these children. Mr Rajesh Thakur, Chairman of TWF and Mr Nitul Barot from FIL-MMF presented for the same.

Children with thalassemia often face financial burdens and limited access to medical utilities, particularly those from financially deprived sections of society. This support will help maintain the iron levels of the children and contribute to a better quality of life.

RAIN WATER HARVESTING

Rain Water Harvesting demonstration given to students of Mukul Madhav Vidyalaya

Students from classes 5th to 8th were shown the actual functioning of rain Water harvesting by Mrs. Rasika Pawar, Head of Science department, Mukul Madhav Vidyalaya.

Rain Water Harvesting is a technique through which rain water is captured from the roof catchments and stored in underground reservoirs. Harvesting the rainwater allows the collection of large amounts of water and mitigates the effects of drought. Rainwater is mostly free from harmful chemicals, which makes it suitable for irrigation as well as for drinking purposes.

Students were given information regarding the process of water which is collected from all roofs of school buildings, which is connected with pipes and then transferred to storage tanks situated underground, after which the water is filtered and stored in bore wells for future use.

Students were shown a storage tank, catchment area, filtration unit and bore well with 10,000 liter capacity.

Mukul Madhav Vidyalaya believes in conserving the environment and spreading awareness of the same to students who will understand the importance of conserving water, avoiding wastage of water and utilizing the available water to its best use.

MOMENT OF CALM

Mukul Madhav Vidyalaya and Junior College observed "The Moment of Calm" on 1st April, 2023. 481 members including the teachers, the ancillary staff along with students of classes were a part of the momentous moment. Forgiveness prayer was also recited by everyone after which silence was observed by everyone for 2 minutes.

The school has joined this global peace initiative, which was initiated by Dada Vaswani who was the spiritual head at the Sadhu Vaswani Mission, headquartered in Pune. It aims at bringing calm in the hearts of people through the power of forgiveness and positive inspired living.

6.Mukul Madhav Vidyalaya welcomes new teachers and wishes best of luck to the teachers moving on:

We would have new qualified teachers joining us for the next academic year of 2023-24. We eagerly await to welcome them in the month of June 2023 when school reopens. We are grateful to teachers who will be leaving Mukul Madhav Vidyalaya and wish them all the very best for their future endeavors.

We thank the teachers who are with us and will continue with their services in imparting quality education to students and help them build their future.

7. Mukul Madhav Vidyalaya bids farewell to Ms. Radha Karmarkar, Superintendent On 10th Feb 2023, we had to bid farewell to Ms. Radha Karmarkar who was with us for last 12 years. Ms. Radha had to move to Vashi, Navi Mumbai with her husband as he got transferred.

She will always be part and parcel of Mukul Madhav Vidyalaya. Her duties and responsibilities have been taken over by a very competent local person Mr. Chinmay Pitre. Mr. Pitre will look into administrative work as well as support in academics by conducting lectures in college since he is a qualified Company Secretary.

We wish best of luck to Ms. Radha for her future endeavors and congratulate Mr. Chinmay Pitre for his new assignment at MMV.

8.Success of year after COVID 19 pandemic:

a)Discovery in Physical school post pandemic and timely remedial steps taken

When students started coming to school physically and gave their physical exams it was noticed that their performance was not up-to the mark as compared to online exams, which clearly indicated that they have been cheating in exams.

The weak students were identified and one to one counselling sessions were conducted by teachers to understand the exact cause of low performance in exams and these students were given special attention at school and college. Further to help students of 10th and 12th std a special Helpline was set up where students can come online, connect with their respective subject teachers and get their queries solved. This Helpline was available for students when they left school/college for final exam preparations at home.

b)Interaction with parents

Management and teachers conducted numerous meetings with parents to sensitize parents on their responsibility and required involvement in closely monitoring their wards while at home.

This interaction had parents closely watch and monitor their wards and it resulted in improved students performance in attendance and academics.

MMV SCOOP FOR YEAR GONE BY 2022-23

c)Fee recovery

The COVID situation adversely affected the fees payment by parents for their wards. A close follow up was done by Administration department and teachers which boosted the fee recovery up to certain extent. With a series of close follow ups by our teachers and admin department with parents, the fees were recovered.

The needy and deserving students who were unable to pay their fees were supported by Mukul Madhav Foundation by identifying a sponsors for supporting their fees.

d)Scenario of Teachers during COVID 19 pandemic

There was a situation where in many teachers were infected with COVID and had to be at home. This situation was overcome by having our other teachers and external teachers shadowing the teachers ensuring that the students' do not lose on their syllabus.

A special mention to be made here is that none of the teachers were made redundant and it was ensured that all teachers continue with their jobs and support students in imparting education during critical times.
