

Dear Friends and Well-Wishers,

January 2026 has been a month of purposeful action and community engagement for Mukul Madhav Foundation, CSR Partner of Finolex Industries Limited. As we began the new year, our efforts focused on strengthening healthcare access, supporting vulnerable communities, promoting inclusion, and encouraging cultural and environmental awareness.

This month, we conducted multiple healthcare initiatives including dialysis support, thalassemia and diabetes screening, mammography and cervical cancer awareness sessions, and medical assistance across states. We celebrated Makar Sankranti with children living with HIV, ensuring moments of joy and inclusion. Our continued support to children with cerebral palsy through assessment and orthotic camps reinforced our commitment to differently abled individuals. We also extended winter relief to children under care and supported community infrastructure development in rural areas.

In addition, our engagement in environmental initiatives such as Sagar Mahotsav, cultural support through Pune Natyasattak, and education-based activities reflects our holistic approach towards sustainable and inclusive development. Each initiative represents our belief that meaningful change begins with consistent, compassionate action.

As we move forward in 2026, we remain committed to deepening our impact and strengthening partnerships that help us serve communities with dignity and purpose. Your continued support and trust encourage us to do more and reach further.

With warm regards,
Ritu Prakash Chhabria
Mukul Madhav Foundation
