Founder  
Mukul Madhav Foundation  
Pune

Dear Madam,

Your organisation, Mukul Madhav Foundation, has been providing mid-day meals to the students of Poona Women's Council School, an SSC Board School and the students of Mano Vikas which is a school for children with special needs. A total of approximately 600 students benefit from your generous donation.

In the past 6 years that this mid-day meal program has been implemented, we have seen a tremendous difference in our students. The attendance rate at school has improved, health of the students has improved and their overall growth has been enhanced.

I am writing to you today to personally thank you on behalf of all the students and the management for your support and contribution. Thank you once again.

Warm regards,

Rakhi Shetty  
Convenor - PWC School  
& Past President of PWC
