Dear Mukul Madhav Foundation,

I am thrilled to share this testimonial to express our profound gratitude for the support provided by the Mukul Madhav Foundation in uplifting the livelihood of rural women through the establishment of stitching and tailoring center. This partnership has had a profound impact on the lives of countless women, empowering them to become financially stronger and independent.

For over a year, the stitching and tailoring center has been a beacon of hope for women in the community. Through this initiative, women have gained valuable skills and training, allowing them to generate income to support their families and afford school fees for their children. Currently, there are approximately 20 women and girls undergoing training, honing their expertise in producing a wide range of high-quality products.

The items created by these talented women, including blouses with puff, potli bags, salwar kameez, kurta pajamas, shopping bags, aprons, pants and shirts, falls, and pico, and even country flags, have found their way to various esteemed foundations such as ISCON Varanasi, Jalans Group, Omega+ hospital, and many more. Their craftsmanship has been widely appreciated and has created opportunities for economic growth and entrepreneurship within the community.

Moreover, this collaboration has extended its impact beyond livelihood enhancement. Mukul Madhav Foundation has supported in us helping the community by providing meals to sadhus in Varanasi, ensuring their devotion and spiritual practice continue without the burden of hunger. Through this initiative, we have been able to feed 1,000 sadhus every week, fostering a sense of compassion and service within the community.

Hope trainer Bhavna Pathak highlights that the stitching and tailoring center has significantly elevated the living standards of the women involved. They have gained a sense of pride, self-reliance, and confidence in their abilities. The center has not only provided them with additional income but has also sparked the spirit of entrepreneurship, as many women now bring in their own orders and expand their economic opportunities.

We are immensely grateful to the Mukul Madhav Foundation for their unwavering support and belief in our vision. The impact of this collaboration has been transformative, empowering women and nurturing a sustainable and inclusive community. Together, we are making a meaningful difference in the lives of those in need.

Once again, we extend our deepest appreciation to the Mukul Madhav Foundation for their invaluable support and for creating opportunities for women to thrive. We are honored to be associated with such a remarkable organization and look forward to further collaboration in the future.

Warm regards,

Divyanshu Upadhyay
Secretary
