Dear Ms. Ritu,

Greetings from Symbiosis International University!

Trust that this letter finds you and your organization in good health.

I am delighted to share with you that the Symbiosis University Hospital & Research Centre (SUHRC) continues to provide quality and affordable healthcare to the community. Besides consolidating our existing services, we have also expanded our services by way of commissioning of organ transplant services, cardiothoracic surgeries, spine surgeries, dialysis services, assisted and supportive care etc. In recognition of the same, SUHRC has been accredited by the National Accreditation Board for Hospitals and Healthcare Providers (NABH).

All this has been possible due to the faith, trust and support of individuals and organizations like yours. We deeply appreciate the same and reiterate our gratitude to you for having donated Medical equipment in NICU and Labour room through Mukul Madhav foundation. Your thoughtful donation continues to serve and provide quality healthcare to the patients at SUHRC. We managed to provide quick and timely treatment to 28 new born babies (NICU) and 18 (deliveries) in the last three months.

We look forward to your continued generosity and confidence in us!

Thanking you,

With regards

Dr. Rajiv Yeravdekar
