Dear friends and well-wishers,

As we reflect on the month gone by, I am filled with immense gratitude for every partnership, every community, and every individual who has walked this journey with us. August has been a month of meaningful action, where compassion translated into tangible impact across education, healthcare, sanitation, livelihood, and community welfare initiatives.

From supporting students through scholarships and innovation labs to strengthening healthcare access for children, women, and underserved communities, each initiative reaffirmed our belief that lasting change begins with consistent care and collective effort. Whether it was enabling access to clean drinking water, supporting dignified healthcare, strengthening school infrastructure, or standing beside vulnerable communities through nutrition and livelihood support, every effort carried forward a shared purpose to create opportunities, restore dignity, and build hope.

What continues to inspire us most is the spirit of resilience we witness every day in students striving for a better future, families overcoming challenges, healthcare workers serving tirelessly, and communities coming together to uplift one another.

I extend my heartfelt gratitude to all our implementation partners, supporters, volunteers, and teams whose dedication makes this work possible. Together, we are not only responding to immediate needs but also nurturing stronger, more compassionate communities for the future.

**Warm regards,
Ritu Prakash Chhabria,
Managing Trustee,
Mukul Madhav Foundation**

SPECTRUM: HEALTHCARE

BUILDING AWARENESS, BRIDGING GAPS IN TYPE 1 DIABETES CARE

Location: Jodhpur, Rajasthan

Date: July 30 to August 1, 2026

Activity: We participated in the Type 1 Diabetes (T1D) Summit in Jodhpur, bringing together experts, community voices and diverse stakeholders to strengthen awareness and understanding of Type 1 Diabetes and chronic health challenges in India.

The summit encouraged meaningful dialogue around early diagnosis, daily management, timely support and the lived experiences of individuals and families living with Type 1 Diabetes. The first day featured media interactions and a Fireside Chat, offering a platform for experts and community voices to share insights and perspectives.

The discussions emphasised empathy, informed decision-making, holistic care and the need for stronger collaboration and support systems for people and families navigating Type 1 Diabetes.

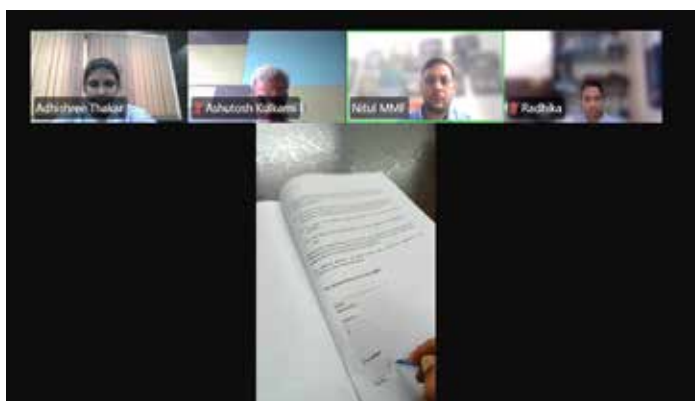

Impact: Strengthened awareness around Type 1 Diabetes and highlighted the challenges faced by individuals and families living with the condition.

The discussions reinforced the importance of early diagnosis, timely support, empathy and informed decision-making, while advocating for a more holistic approach to chronic health management.

Implementation Partner: William J Clinton Foundation (WJCF)

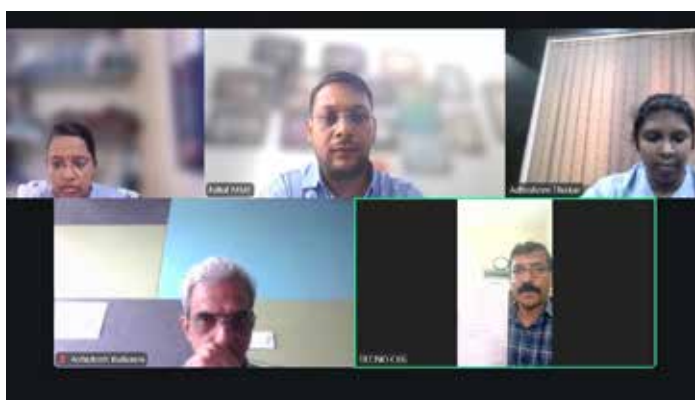

Beneficiaries: 800 participants

STRENGTHENING REHABILITATION, ENABLING INDEPENDENCE

Activity: We signed an agreement with Sharda Social Welfare Trust for the Mission Cerebral Palsy project at the Mavjat Rehabilitation Center, Kheda, Gujarat.

Through this initiative, we will support approximately 67 children with disabilities with regular physiotherapy, occupational therapy and special education services, creating opportunities for improved mobility, functional independence, learning and overall development.

Impact: The project will provide approximately 67 children with disabilities with consistent access to specialised rehabilitation and educational support.

Regular therapy and intervention will help strengthen mobility, functional abilities, learning outcomes and independence, while supporting the children's holistic development, social inclusion and overall quality of life.

Location: Kheda, Gujarat

Date: August 4, 2026

Implementation Partner: Sharda Social Welfare Trust

Beneficiaries: 67 children with disabilities

STRENGTHENING CARE THROUGH A LASTING PARTNERSHIP

Activity: We handed over 10 Kangaroo Chairs to Shrimati Kashibai Navale Hospital & Medical College, marking another meaningful milestone in a long-standing partnership dedicated to strengthening healthcare and supporting patients, students and the wider community.

We have been associated with Shrimati Kashibai Navale Hospital & Medical College since 2018, providing individual support to patients and students. During the COVID-19 pandemic, the partnership extended to critical healthcare support through the provision of ventilators, oxygen concentrators and other essential medical equipment.

The handover ceremony was graced by Mrs. Jasmine Mejethia, aged 89, as the Chief Guest. A founder of the Thalassemia Society of Pune Chapter, Mrs. Mejethia has dedicated 35 years to supporting patients and creating awareness about Thalassemia

Location: Pune, Maharashtra

Date: August 13, 2026

Impact: The provision of 10 Kangaroo Chairs will strengthen the institution's capacity to provide specialised care, comfort, positioning and mobility support, particularly for mothers and relatives of infants and children requiring medical attention.

The initiative adds to a partnership built over years of continued collaboration, contributing to stronger healthcare and rehabilitation support while helping improve the care, comfort and overall quality of life of beneficiaries.

Implementation Partner: Shrimati Kashibai Navale Hospital & Medical College

Beneficiaries: Parents and guardians of infants in the NICU

BUILDING THE FUTURE OF TYPE 1 DIABETES RESEARCH

Activity: We inaugurated the Biobank Centre for Type 1 Diabetes at the Idhayangal Centre in Coimbatore.

As part of this initiative, an -80°C freezer has been installed for the safe preservation of biological samples, creating the foundation for high-quality research into Type 1 Diabetes. The research will focus on environmental factors, endocrine disruptors and gut microbiota, with the aim of exploring novel pathways and potential treatment approaches for Type 1 Diabetes.

The inauguration also marks the beginning of the Idhayangal Research Foundation, envisioned as a platform for cutting-edge basic science research that can translate into meaningful outcomes for children living with Type 1 Diabetes, including those in underserved and remote communities.

Impact: The establishment of the Biobank Centre for Type 1 Diabetes marks a significant step towards strengthening research infrastructure and advancing scientific understanding of T1D.

With specialised sample preservation and research focused on environmental influences, endocrine disruptors and gut microbiota, the initiative can help uncover new pathways for understanding and managing Type 1 Diabetes and support the exploration of future treatment possibilities.

Implementation Partner: Idhayangal Research Foundation

Location: Coimbatore, Tamil Nadu

Date: August 14, 2026

NOURISHING WELL-BEING, CELEBRATING TOGETHER

Activity: A Nutrition Kit Distribution and Independence Day Celebration was organised for women living with HIV at the Care and Support Centre (PLHIV Home), Modi Dharamshala, Jaipur. The initiative provided nutrition kits to 40 beneficiaries, offering essential nutritional support and contributing towards their health and overall well-being.

The programme also included an advance Independence Day celebration, bringing beneficiaries and the Care and Support team together in an atmosphere of unity and togetherness.

Impact: The distribution of nutrition kits to 40 women living with HIV will provide essential nutritional support and contribute to their overall health and well-being.

The Independence Day celebration created a space for social connection, emotional well-being and community participation, fostering a sense of belonging, dignity and togetherness among the beneficiaries.

Implementation Partner: Positive Women Network of Rajasthan

Beneficiaries: 40 women

Location: Jaipur, Rajasthan

Date: August 14, 2026

BRINGING ESSENTIAL HEALTHCARE CLOSER TO THE COMMUNITY

Activity: A Medical Camp was held on 19 August 2026 at the CME Campus, Pune.

Doctors from YCM Hospital, Pune and Bhosari Government Hospital, Pune provided medical consultations, while specialised mobile healthcare facilities including mammography, eye check-ups and bone density testing were made available to the community.

A total of 645 patients benefited through the camp. Patients requiring medicines received them free of cost, while those identified with conditions requiring further evaluation or specialised treatment were guided and referred to the concerned Government Hospitals for follow-up care.

The camp strengthened access to essential healthcare services while encouraging early detection, timely medical advice and appropriate follow-up treatment.

Impact: The medical camp provided accessible healthcare services to 645 patients in a single day, bringing together consultations, preventive screenings and free medicines under one initiative.

The availability of mammography, eye check-ups and bone density testing supported early identification of potential health concerns, while referrals to Government Hospitals helped connect patients requiring further care with appropriate treatment services.

Overall, the initiative contributed to improving access to preventive and essential healthcare, enabling community members to seek timely medical attention and take informed steps towards better health.

Beneficiaries: 645 individuals

Location: Pune, Maharashtra

Date: August 19 to 20, 2026

SPECTRUM: RURAL DEVELOPMENT

CREATING COMFORT, SUPPORTING EDUCATION

Location: Udaipur, Rajasthan

Date: August 4, 2026

Activity: We distributed 330 bed mattresses to residential tribal girls at Rajasthan Bal Kalyan Samiti (RBKS), Education Complex, Beeda, Jhadol, Udaipur.

The initiative aims to create a safer, more comfortable residential environment for the students, supporting their rest, physical well-being and ability to focus on their education.

Representatives from Finolex Industries Limited, Mukul Madhav Foundation and Rajasthan Bal Kalyan Samiti came together for the distribution programme, encouraging the students to pursue their education with dedication and confidence.

Impact: The distribution of 330 bed mattresses will provide residential tribal girls with improved comfort and better conditions for rest, contributing to their physical well-being and overall quality of life.

By strengthening the students' residential environment, the initiative creates a more supportive setting for learning, helping them stay focused on their education and continue their journey towards greater opportunities and a brighter future.

Implementation Partner: Rajasthan Bal Kalyan Samiti (RBKS)

Beneficiaries: 330 girls

SPECTRUM: ENVIRONMENTAL SUSTAINABILITY

KEEPING OUR COAST CLEAN, SUSTAINING OUR SHORES

Activity: We signed an agreement with Bhatye Grampanchayat for the implementation of the Bhatye Beach Cleanliness, Beautification and Maintenance Project.

Under this initiative, we will provide financial support towards the salary of a dedicated cleaner, enabling regular cleanliness, upkeep and maintenance of Bhatye Beach and contributing to a cleaner and more sustainable coastal environment.

The agreement was signed in the presence of representatives from Bhatye Grampanchayat and Mukul Madhav Foundation, marking a shared commitment towards environmental conservation and responsible community participation.

Impact: The project will ensure the regular cleanliness, maintenance, and beautification of Bhatye Beach through dedicated cleaning support.

The initiative will contribute to a cleaner, safer, and more sustainable coastal environment, benefiting local residents and visitors while promoting environmental conservation and responsible community participation.

Implementation Partner: Bhatye Grampanchayat

Beneficiaries: Local residents and visitors

Location: Ratnagiri, Maharashtra

Date: August 5, 2026

PLANTING TODAY, GROWING A GREENER TOMORROW

Location: Masar, Gujarat

Date: August 6, 2026

Activity: As part of our environmental initiatives, we undertook tree plantation activities at Masar Primary School and Masar Crematorium.

The activities were carried out in the presence of the local Sarpanch, Gram Panchayat members, the school Principal, teachers and students, reflecting the community's collective commitment towards creating a greener and healthier environment.

Out of the 14 planned plantation locations, activities have been successfully completed at 2 locations, marking an important step towards strengthening green cover and promoting environmental responsibility across the community.

Impact: The plantation activities at Masar Primary School and Masar Crematorium contribute to increasing green cover and fostering environmental awareness within the community.

The participation of local representatives, teachers and students further encourages collective ownership and responsibility towards environmental conservation.

Beneficiaries: Local residents, students and visitors

GROWING GREENER SCHOOLS, NURTURING ENVIRONMENTAL RESPONSIBILITY

Location: 3 schools across Jaipur, Rajasthan

Date: August 6, 2026

Activity: As part of our environmental initiatives, tree plantation programmes were organised at Government Upper Primary School, Indra Colony; Mahatma Gandhi Senior Secondary School, Sawaijaisingpura; and Government Upper Primary School, Kodar, Sanganer, Jaipur.

A total of 98 saplings were planted across the Indra Colony and Sawaijaisingpura school campuses, with enthusiastic participation from students, teachers, school staff and dignitaries. At Government Upper Primary School, Kodar, the programme commenced with Saraswati Vandana and a prayer ceremony, followed by the plantation of 47 saplings on the school campus.

The initiative witnessed active participation from school representatives, local stakeholders and the FIL-MMF team, reflecting a shared commitment towards environmental conservation and creating greener learning spaces.

Overall, 145 saplings were planted across three school campuses, strengthening green cover while encouraging students and the wider school community to take an active role in protecting and nurturing nature.

Impact: The plantation of 145 saplings across three school campuses will contribute to creating greener, cleaner and healthier learning environments for students.

Beyond increasing green cover, the initiative helps cultivate environmental awareness among young minds, encouraging students to understand their role in protecting nature and building a more sustainable future. Community and school participation further strengthens a shared sense of responsibility towards environmental conservation.

Beneficiaries: Students and staff of the schools

PLANTING A LEGACY, GROWING A GREENER FUTURE

Activity: We conducted a Tree Plantation Drive at Mango Orchid Garden, near the Finolex Industries Limited Plant, Ratnagiri, with the objective of nurturing environmental responsibility and inspiring the younger generation to contribute towards a greener and more sustainable future.

As part of the initiative, 100 mango trees were planted by 58 students from Classes 10 and 12 of Mukul Madhav Vidyalaya.

The participation of the Class 10 and 12 students held special significance as they prepare for their Board examinations and the next chapter of their lives. Each student planted a tree in their own name, creating a personal and lasting connection with nature.

As the students move forward after completing their school education, these trees will continue to grow at Mango Orchid Garden, standing as living memories of their school years and as a lasting contribution to the environment.

The initiative also encouraged students to recognise their role in environmental conservation and understand the importance of protecting nature for generations to come.

Impact: The plantation of 100 mango trees by 58 students created more than an environmental contribution, it created a living legacy for the students.

By planting trees in their own names, the students developed a personal connection with nature and a stronger sense of environmental responsibility. As these trees grow over the years, they will serve as lasting reminders of the students' school journey while contributing to a greener, more sustainable environment for future generations.

Location: Ratnagiri, Maharashtra

Date: August 20, 2026

SPECTRUM: EDUCATION

BUILDING WITH DIGNITY, CREATING SAFER LEARNING SPACES

Location: Sangola, Solapur, Maharashtra

Date: August 14, 2026

Activity: We initiated the construction of a new toilet facility at Zilla Parishad School, Dudhalwadi-Katfal, Taluka Sangola, District Solapur, on 14 August 2026.

The initiative was undertaken in response to the school's urgent need for improved sanitation infrastructure, as the existing toilet facility was in extremely poor and inadequate condition. The school currently serves 31 students-20 girls and 11 boys.

The new facility will provide students with access to a safe, clean, hygienic, private and dignified sanitation space within the school premises. The project will help promote better hygiene practices, reduce health risks associated with inadequate sanitation and create a safer, more child-friendly learning environment.

The initiative holds particular significance for the 20 girl students, for whom access to safe and private sanitation can support greater comfort, dignity, regular attendance and continued participation in education.

Impact: The new sanitation facility will directly benefit 31 students, including 20 girls, by providing access to safe, clean and dignified sanitation within the school premises.

The project will contribute to better hygiene, reduced health risks and improved overall well-being, while creating a safer and more comfortable environment for learning. Improved sanitation can also support regular school attendance and retention, particularly among girl students, helping them participate in education with greater confidence and dignity.

Implementation Partner: Zilla Parishad School Dudhalwadi, Solapur

Beneficiaries: 31 students

BRINGING DIGNITY AND BETTER SANITATION TO RURAL EDUCATION

Location: Baleghar, Taluka Wai,
District Satara

Date: August 22, 2026

Activity: We undertook a new school toilet construction project at Zilla Parishad School, Baleghar, Taluka Wai, District Satara.

Located in a remote rural area, the school identified the need for improved sanitation facilities for its students. Recognising this critical requirement, the Managing Trustee of Mukul Madhav Foundation approved support for the construction of a new toilet facility.

The school currently serves 55 students — 30 girls and 25 boys. An agreement for the implementation of the project was signed with Zilla Parishad School, Baleghar, on 21 August 2026.

The new facility will provide students with access to a safe, clean, hygienic, accessible and dignified sanitation facility within the school premises. It is expected to promote better hygiene practices, reduce sanitation-related health risks and improve students' comfort, privacy and overall well-being.

The initiative holds particular significance for the 30 girl students, supporting their dignity, comfort and regular participation in school. Improved sanitation can also help reduce disruption during school hours and contribute to a healthier, safer and more child-friendly learning environment.

Impact: The new toilet facility will directly benefit 55 students, including 30 girls, by providing access to safe, clean and dignified sanitation within the school.

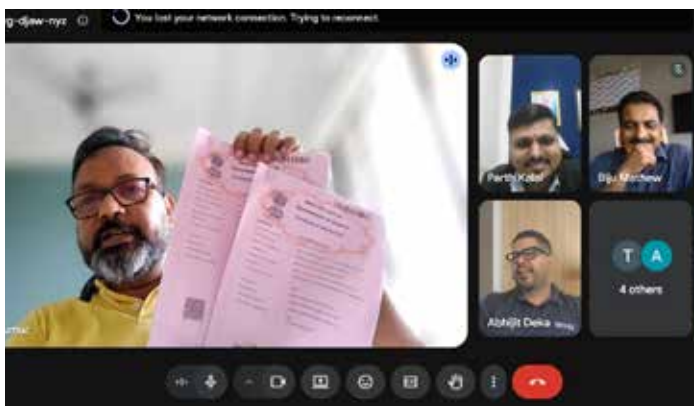

The project will contribute to better hygiene, improved health and greater comfort and privacy, while reducing risks associated with inadequate sanitation. Improved facilities can also support regular school attendance, particularly among girl students, and strengthen the overall learning environment.

Implementation Partner: Zilla Parishad School, Baleghar, Satara

Beneficiaries: 55 students

SPECTRUM: DIFFERENTLY ABLED

CONTINUING THE JOURNEY TOWARDS INCLUSIVE CARE

Location: Guwahati, Assam & Sri Ganganagar, Rajasthan

Date: August 19, 2026

Activity: We signed agreements with SENSE International, India for the continued implementation of projects in Guwahati, Assam, and Sri Ganganagar, Rajasthan, strengthening access to specialised education and rehabilitation services for persons with deafblindness and multiple disabilities.

In Guwahati, Assam, the project will ensure continuity of services for 160 existing service users, including children and adults, through outreach, early identification and strengthened referral pathways.

In Sri Ganganagar, Rajasthan, the project will continue services for 70 existing service users, with a similar focus on outreach, early identification and stronger referral systems.

Together, the two projects will continue to strengthen access to special education, rehabilitation, early intervention and referral services, reaffirming the shared commitment of Finolex Industries Limited, Mukul Madhav Foundation and SENSE International, India towards greater inclusion and improved quality of life for persons with deafblindness and multiple disabilities.

Impact: The continued partnership will ensure sustained access to essential special education, rehabilitation, early intervention and referral services for 230 children and adults across Assam and Rajasthan.

Through consistent and specialised support, the initiatives will help beneficiaries strengthen communication, functional independence and social participation, while improving access to services for individuals and their families.

The projects also reinforce a more inclusive approach to education, rehabilitation and community-based support, helping persons with deafblindness and multiple disabilities live with greater dignity and independence.

Implementation Partner: SENSE International, India

Beneficiaries: 230 individuals

SPECTRUM: WOMEN EMPOWERMENT

GROWING LIVELIHOODS, EMPOWERING RURAL WOMEN

Location: Golap, Kasop, and Vainghani, Ratnagiri, Maharashtra

Date: August 22, 2026

Activity: Under the Konkan Krushi Shakti – Women Empowerment and Livelihood Development Project, we conducted fertiliser and vegetable seed distribution programmes across Golap, Kasop and Vainghani villages.

The initiative supported women beneficiaries in their Kharif-season cultivation by providing agricultural inputs aimed at improving crop productivity and strengthening rural livelihoods.

A total of 62 women beneficiaries received vegetable seed kits — 16 from Golap, 23 from Vainghani and 23 from Kasop. Each kit included six varieties of Kharif-season vegetable seeds: Radish, Red Amaranthus, Field Bean, Okra, Cucumber and Bottle Gourd.

Alongside the distribution, beneficiaries received practical guidance on scientific cultivation practices, seed sowing, crop spacing and nutrient management, enabling them to use the inputs more effectively.

The initiative aims to promote kitchen gardening, improve household nutrition, encourage sustainable agriculture and strengthen livelihood opportunities for rural women.

Impact: The initiative supported 62 rural women with vegetable seed kits, fertilisers and practical agricultural knowledge, helping address input-related constraints while strengthening their capacity to adopt improved cultivation practices.

By combining resources with technical guidance, the project can contribute to improved crop productivity, better household nutrition and more sustainable farming practices. In the longer term, strengthened agricultural skills and livelihood opportunities can help enhance household resilience, self-reliance and income potential for rural women.

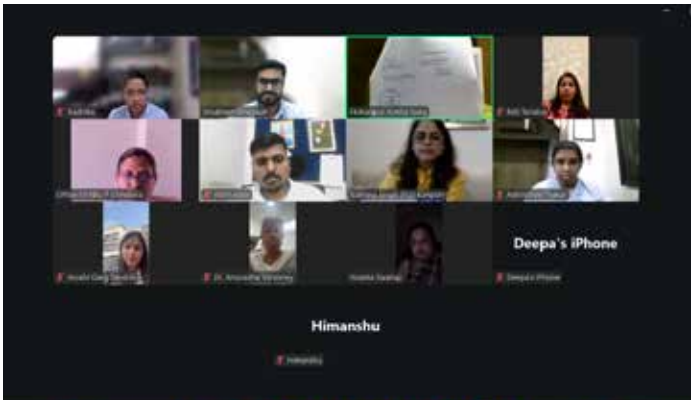

Implementation Partner: BAIF Development Research Foundation

Beneficiaries: 62 women

SPECTRUM: SKILLS AND LIVELIHOOD

BRIDGING THE DIGITAL DIVIDE, EMPOWERING FUTURE LEADERS

Location: Kanpur, Uttar Pradesh

Date: August 29, 2026

Activity: We continued our commitment to strengthening educational opportunities for young girls through digital empowerment.

As part of this commitment, an agreement was signed with FICCI FLO Kanpur for the implementation of a Digital Literacy Programme benefiting 480 girl students across 8 Nagar Nigam schools in Kanpur, Uttar Pradesh.

Building on the support extended to FICCI FLO Kanpur since 2025, the three-month structured programme will provide students with practical training in computer literacy, Artificial Intelligence (AI), online safety, responsible digital citizenship and employability skills.

The initiative aims to equip young girls with essential digital capabilities, strengthen their confidence in using technology and prepare them for future academic and career opportunities in an increasingly digital world.

Impact: The programme will directly benefit 480 girl students across 8 Nagar Nigam schools, helping bridge the digital divide among girls from underserved communities.

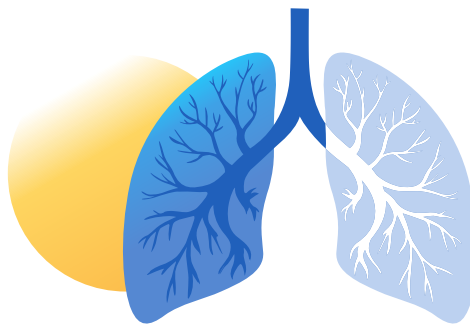

Through structured training in computers, AI, online safety, digital citizenship and employability skills, students will develop greater digital awareness, technology confidence and career readiness. The programme will also enable them to access digital learning resources more effectively and use technology safely and responsibly.

Implementation Partner: FICCI FLO

Beneficiaries: 480 students

MONTHLY SUPPORT

We organise and support these initiatives monthly across multiple locations

1 NICU Babies Supported: 232

(Sassoon, KEM, Rajiv Gandhi, Sonawane and Symbiosis Hospitals across Pune, Maharashtra)

2 Dialysis Patients: 501

(Seth Tarachand, Jejuri Seva Bhavan, Jankalyan Sanstha, Dr. Babasaheb Ambedkar Cantonment Board Hospital, Dialysis Support Foundation in Pune, Solapur and Nashik)

3 Thalassemia Patients: 181

(partners: Wishing Factory, Thalassemia Society of Pune, Bharati Hospital, Pune, Maharashtra)

4 Diabetic Support: 305

Individuals (across Maharashtra, Assam, Chennai, Tamil Nadu, Gujarat)

5 Midday Meals: 1,000+

meals across schools, institutions and pavement dwellers.

6 Medical Assistance: 43 individuals

7 Cataract Surgery Support: 125 Screenings

8 Mammography Screening Camp: 1,200 Women

(Bharati Hospital, Pune, Maharashtra)

9 Monthly Grocery:

(Pune - 41, Karnataka - 2, Rajasthan - 8, Gujarat - 2, Satara - 3, Ratnagiri - 10)
(Diaper support to Remand Home, Orphan Home, Old Age Home, HIV Home, Leprosy Home, Disability Home.)

10 Cow Support:

Pune: 200 cows;
Gujarat: 85 cows and 22 calves.

Thank you

We extend our heartfelt gratitude to all our esteemed donors, especially Finolex Industries Limited, as well as our dedicated implementation and on-ground partners.

Your unwavering support, generosity, and tireless efforts are the backbone of our initiatives. Together, you help us bring hope, health, and positive change to countless lives.

Thank you for believing in our mission and for partnering with us to create a brighter, more compassionate future for the communities we serve.
